Disclosure

Dear Sir

We wish to inform you that the Company received notification yesterday of the cancellation of a five year Contract in the State of Odisha with an order value of Rs 344 Crores (including taxes).

Whilst clearly the formal cancellation is a disappointment to the Company, the Company's plans had already factored in this eventuality as, in the opinion of the directors, there was significant question as to whether the Contract would proceed.

As a result, the cancellation notification does not materially impact the financial position of the Company.

We will confirm any material contract wins and losses as they arise.
